

Hi Jay,

I want to give a big thanks to you and your staff for giving my daughter the time of her life at CJ Skate Park. Janelle is a very shy six-year-old with hemiplegic cerebral palsy. She is often reluctant to try new things and was a little reticent to try skateboarding. Jay and his staff were amazing, easing her into it one baby step at a time. By the end of the session she was standing up, smiling ear to ear, and beaming with confidence. She can't wait to try it again.

Thanks again to Jay and his staff at CJ Skatepark!

Jason
